Class title

Tapestry Weaving 101

Level of experience required: Beginning

Class description: Students will learn up to 7 basic tapestry techniques as they create their own samplers. Handouts, frame looms, yarns, and other equipment are all supplied by the instructor until the end of the course. Info on where to buy supplies will also be available as well as many published books on tapestry weaving for reference.

Class title

The Next Step, Working With A Cartoon

Level of experience required: Beginning

Class description: This is for beginners who have had some basic tapestry instruction and are ready to apply their knowledge by working with a cartoon for the first time. Students will be given a choice of supplied cartoons and learn how shapes are broken down to know in what order to weave them. Reinforcement of techniques will also be covered. More advanced weavers may choose to create a cartoon of their own if they wish something more challenging. Students should bring their own looms, yarns, and equipment, but can arrange for a rental from the instructor if needed.

Class title

Curves & Circles

Level of experience required: Intermediate

Class description: These are the most difficult of shapes to weave in tapestry but are seldom addressed. This workshop will take out the mystery of making a grid-like structure become fluid. Hand outs along with tips on controlling weft and warp tension are supplied. Students should bring their own loom, yarns and equipment.
