

This edition of the *Tapestry Topics* index covers issues of the newsletter published between 2002 and 2023. *Tapestry Topics* is published by the American Tapestry Alliance (ATA).

The cumulative index includes articles, reviews, and images. Names and subjects have been identified. Images cited in this index are limited to tapestry or fiber art and are listed under the name of the artist or designer.

Quotation marks are used to identify an article title. Italics are used for image captions and page numbers as well as titles of books, magazines, and DVDs. Page locators appear as volume number(season-year) followed by page numbers.

This index was prepared by Kim Mumbower, an ATA volunteer.
